Shoalhaven High School Bring Your Own Device (BYOD) program

Shoalhaven High School has worked with HP to identify the most optimal learning devices and for their students. Students are able to use this device at school and home for all their work.

The program offers you the choice of affordable devices ranging in size, specifications and price. All the devices have been tested and approved to work within the school IT environment - classrooms and beyond.

BYOD Program

Buying directly from HP ensures your child has the right device and support to work in the school environment. Importantly, it guarantees the latest learning devices at affordable pricing, ensuring the most optimal learning outcomes for students.

Learning Devices

HP's notebook are education ready featuring touch screen, dual-band wireless and 7+hours battery life. In addition the three year onsite warranty and, additionally, a three year onsite accidental damage warranty (optional), provide peace of mind.

Product Training

In partnership with Microsoft, HP offer workshops designed to help students and teachers get the most out of learning device with the goal of maximising learning outcomes and productivity.
